

## Moderation: Understanding Standards and Aligning Assessment Decisions

### **COST (per workshop):**

**INTAN Member - \$20**  
**Non-member - \$40**

*\*if attending more than one workshop, an accumulative discount of \$5 for each consecutive workshop applies.*

We invite you to join us in a discussion about assessment decisions and the Australian Curriculum: Languages (Indonesian). Through a social moderation process, we hope to support you to understand the Achievement Standards at the Band Levels most appropriate to you, and to align your evidence-based judgments with others teaching and assessing students in the same Band.

As a community of assessors, we will talk through actual student work samples and examine how the observable characteristics demonstrate the constructs specified in the Achievement Standards.

*We strongly encourage you to bring student work samples of your own to discuss.*

#### **F-2 Band**

**Date:** Wednesday August 3

#### **3-4 Band**

**Date:** Wednesday August 10

#### **5-6 Band**

**Date:** Wednesday August 17

#### **7-8 Band**
