

GET YOUR HANDS BUSY!

WORKSHOP

A fun and interactive workshop from Indonesia for Primary students

For one week only, the Hong Community conducts a unique opportunity for students, teachers and the wider community to learn traditional Indonesian games and culture.

You'll master authentic craft-making skills using natural materials found in the environment. The Hong Community, from Bandung, West Java, brings a sense of joy and play.

This is cross-cultural exchange in its purest form - you'll make, share, and play together, learning about one another along the way.
